

leader · decision sheet — part 1 of 2

Every semantic decision, rendered as it would appear if accepted. Dark left edge = your call; the rest are settled from evidence. Part 1: L-01 ... L-12.

L-01 actions AUTHORED your call

Primary = solid red rectangle, white label; secondary = 2px ink outline; tertiary = underlined text link.

Retire item

Cancel

Read the full entry

L-02 shape OBSERVED

Zero radius everywhere; rectangles, rules and glyph marks are the only shapes.

Rectangle

Outline

Red

radius: none, ever

L-03 events AUTHORED your call

Near-instant interaction transitions ($\leq 0.15s$ colour swaps); no spring, bounce or decorative motion in UI chrome.

Hover = colour deepens in 0.15s — static sheet can't show it; the point is what it is NOT: no lift, no bounce, no glow.

L-04 typography OBSERVED

Three registers by role: Serif = headlines + body; Sans = nav, metadata, captions; Sans Headline = display-only moments.

Serif carries the story

SANS CARRIES THE APPARATUS — ASIA · MAY 31ST 2025 · 4 MIN READ

DISPLAY: THE WORLD IN BRIEF

L-05 typography AUTHORED your call

Screen rhythm: headline 30–34/1.15 · standfirst 16–17 muted · body 17/1.55 · metadata 12.5–13 with caps labels · display 44 tight.

Headline at 28 here

One-line standfirst, muted serif.

Body serif 15 at sheet scale (17 at full scale).

L-06 colour OBSERVED

Red #E3120B is punctuation (labels, rules, single blocks, primary controls); everything else is ink, white, or the London grey ramp.

Red · accent

Red 60

Red 95

London 10

London 85

London 95

L-07 surfaces INFERRED

White ground; separation via 2px ink rules, hairlines, and tinted canvas washes. No shadows, no elevation, no soft chrome.

Ruled separation

Hairline below

Wash separation

L-08 motifs AUTHORED your call

Red thread = hairline red rule device (connective, never a content border). Rhythm glyphs = small black squares of graded size.

L-09 hierarchy OBSERVED

Section label (sans caps, red) → serif headline → one-line muted standfirst. Repeats strictly; no decorative sub-heads.

L-10 navigation INFERRED your call

Top bar: white, 2px ink bottom rule; name in serif left; sans links; active = red underline; crisp search rectangle with typing-cursor motif right.

Fields: white, 2px ink border, square; label above in caps; focus = border + 1px offset outer line; error = small red serif under the field.

BORROWER

S. Ho

That name isn't on the member list.

Small sets ($\leq \sim 12$) = native select squared like a field; larger/filtered = out of scope, platform fallback, marked.

LOAN DAYS

7 days

leader · decision sheet — part 2 of 2

Part 2: L-13 ... L-24.

L-13 status AUTHORED your call

Status = rectangular ink-outline tag, word inside (caps sans); attention states turn the tag solid red. No pills, no dots as sole signal.

AVAILABLE ON LOAN OVERDUE

L-15 destructive AUTHORED your call

Destructive confirm in a square dialog: 2px ink frame, consequence sentence, confirm = solid red rectangle with the verb; never pre-focused.

Retire “Cordless drill 18V”?

It leaves the register permanently. Existing loan records stand.

Retire Cancel

L-17 empty AUTHORED your call

Empty state = ruled statement block with one action; no illustration.

Nothing is registered yet. Add the first entry to open the register.

Add an entry

L-19 overlays AUTHORED your call

Dialog = square white sheet, 2px ink frame, ink scrim 62%, instant; no entrance motion.

Square sheet · scrim 62% · instant

L-21 imagery OBSERVED

No imagery in the reference build: blur → focus belongs to story layouts. Absence here is honest, not a gap.

L-14 feedback AUTHORED your call

Notices = ruled boxes (2px ink top rule) with terse declarative copy; no toasts; problem copy names the fact and the next step.

Two loans are due this week. Borrowers have been emailed; no action needed yet.

L-16 progress AUTHORED your call

Meter = rectangle track (London 85) with red fill; sans readout “7 of 10 steps”; restart = outline rectangle. Static updates only.

7 of 10 steps · reconciling loan dates...

Restart import

L-18 repeated content INFERRED your call

Ledger = editorial table: 2px ink header rule, hairline rows, serif names + sans numbers, hover = red95 wash, no zebra.

ITEM		STATUS
Torque wrench 200Nm	Hand tools	AVAILABLE
Cordless drill 18V	Power tools	ON LOAN

L-20 voice OBSERVED

Terse, declarative, fact-forward; dry wit in one clause; no exclamation marks; headline + one-line standfirst cadence in UI copy too.

“Two loans overdue. The register still works; the borrowers have been emailed.”
Fact first. No cheerleading.

L-22 responsive AUTHORED your call

Single-column collapse: display steps 44 → 34; table stacks rows with sans labels; minimal, honest

L-23 focus AUTHORED your call

Focus ring = 2px red outline, offset 2, on white; on red fills switch to white inner + ink outer ring.

Focused on white

Focused on red

L-24 prohibitions INFERRED

Never: rounded corners · soft shadows · pills · decorative colour · red as reading background · invented hues · emoji · exclamation marks.

× pill-button-with-drop-shadow

flat rectangle
